SWIFT/BIC CODE: BCITITMM.

Direct remittance on receipt of the invoice and in any case before the Event opening.

Failing that, the Organizer may consider the contract discharged by non-performance of the participant, without the need of warning or ruling by a Judge. In that case the Organizer will give formal notice to the Exhibitor and - in addition to being released from any commitment and to be able to assign the stand to other applicants - will be entitled to the full payment - as a penalty - of the registration fee and the participation fee, as well as of any other consideration provided for by the contract, with any amount already received deducted and without prejudice to any right to compensation of any greater damage.

ART. 5 – RIGHT OF WITHDRAWAL

Any participant who is unable to attend the Event, may withdraw from the contract by giving notice to the Organizer by registered letter at least 60 days before the Event opening, without prejudice to the acquisition to the Organizer of the registration fee and the 30% deposit, and without prejudice to any further right to compensation for any additional damage.

If, on the other hand, said communication is given less than 60 days before the Event opening, the participant will be required to pay, in addition to the registration fee, the full participation fee, without prejudice to the right by the Organizer for any further direct and indirect damage. The Organizer may allocate the stand to other applicants.

If the notice of withdrawal is not given and the Exhibitor does not set up their stand, they will be considered defaulting for all purposes and will be required, in addition to the payment of the registration fee and the full participation fee, to pay a refund of direct and indirect damages suffered by the Organizer. In this case, the Organizer may also allocate the stand to other applicants.

The Organizer may withdraw from the contract up to two weeks before the Event opening and - for reasons related to the organization of the Event and its regular execution - until the Event opening day. In such cases, the Organizer shall not be liable to compensation of any kind, but shall return the registration fee and the participation fee already collected.

ART. 6 – STAND ALLOCATION

Stand allocation is at the sole discretion of the Organizer. Any particular indications or requests made by the Exhibitor are to be considered as merely indicative, may not restrict or influence requests of participation, and are therefore not considered as part of the official request. Moreover, the Organizer will have the right to

change position and reduce in size areas already allocated, or to move them to a different stand area, without entitling the Exhibitor to any indemnity or compensation. The Organizer must, in any case, inform the Exhibitor regarding changes in writing (by registered letter or other means) sent at least 20 days before the beginning of the Event. The Organizer reserves the right to allocate areas not indicated on the floor plan.

No reimbursement, discounts or compensation may be requested if the stand area allocated includes columns, other structures or safety and fire extinguishing equipment, as these are considered as structural parts of the halls.

ART. 7 – DELIVERY OF STANDS

Stands will be made available to the Exhibitor by the deadline specified in the "Technical Regulations and Additional Forms". The furnishing of stands must be completed by the date indicated in the "Technical Regulations": otherwise, the contract may be concluded due to the participant's default in the same manner and with the same consequences referred to in Art. 5.

Exhibitors must access (with username and password already valid for previous Exhibitions) or register on <https://befair.eu>. Once registered, from the PASS page, the Exhibitor can allow its fitters, suppliers and couriers to enter the Exhibition Centre, indicating their role. All contracted businesses listed by Exhibitors will receive an email with login and password to enter the PASS section. Please note that under the PASS section, both Exhibitors (with their own account) and Contracted businesses (with their own account) will be able to enter the names of their staff and the number plates of the vehicles for which they are requesting access to the Exhibition Centre, exclusively during the set-up and dismantling periods.

Failure on the part of suppliers to register at the website and confirm acceptance of the documentation published, including worker-safety provisions (DUVRI), will not allow them to proceed to printing out their entrance passes and/or other authorizations to enter the trade show grounds.

It is the responsibility of the Exhibitor to ensure that the contracting companies that will be working in the Exhibition Centre possess the required technical and professional qualifications.

BolognaFiere may establish special rules of access to the Exhibition Centre during set-up, also in compliance with occupational safety regulations, and also restrict vehicle access and/or apply charges to vehicles parked outside designated spaces and/or exceeding the Organizer's parking time limit. In particular, if motor vehicles or other forms of transport are left inside the Exhibition Centre for more than two hours, the Exhibitor/Delegate whose password has been used to register the vehicle may be charged the sum of Euro 500.00 + VAT.

ART. 8 – SET-UP

Stand set-up must remain within the area of the stand and comply with the provisions of the "Technical Regulations and Additional Forms" and their heights must not exceed the height indicated in the "Technical Regulations and Additional Forms".

Stand installations are classified as either Standard or Non-Standard, regardless of surface area, and their specifications are set out in detail in the "Technical Regulations and Additional Forms" and on the "Form 0 (Zero)", integral part of these rules and regulations, and which the Exhibitor accepts in full.

For any stand installation the Exhibitor must submit "Form 0" (downloadable from the Exhibitor reserved area under the FORMS page on <https://befair.eu>) to BolognaFiere.

In case of Non-Standard stand installation, the Exhibitor must submit the set-up project of the Non-standard booth, duly stamped and signed by a certified technical expert for approval, as well as other requested documents and "Form 0". BolognaFiere reserves the right to disallow the assembly of Non-standard set-ups that have not been approved in advance.

All the above-mentioned documents must be submitted no later than the deadline provided for in the "Technical Regulations and Additional Forms", otherwise the

Exhibitor will be charged Euro 500.00 + VAT in addition to any costs provided for "Form O".

Stand construction and relative equipment must be constructed, in compliance with safety, fire and disabled access regulations.

The Exhibitor undertakes to comply with the regulations related to the places of public entertainment and to comply with all provisions and formalities provided for by the "Technical Regulations and Additional Forms". BolognaFiere

shall be entitled to request the intervention of the Supervisory Commission for places of public entertainment.

The Exhibitor shall keep in the stand, in a clearly visible and accessible position, fire extinguishers in an appropriate quantity and quality, as provided by BolognaFiere.

Failure to submit the provisions foreseen by the "Technical Regulations and Additional Forms" will authorize BolognaFiere to close stands and to take the most appropriate measures to ensure safety conditions, notwithstanding civil or criminal liability of the Exhibitor. Responsibility for the stability of the stands, execution of the systems and possible damage that may be caused to people or property of the Organizer and BolognaFiere or third parties, will be the exclusive responsibility of the Exhibitor. Failure to follow the safety rules and regulations may lead to prosecution.

ART. 9 – HANDING BACK OF STANDS

At the end of the Event, but not before, the Exhibitors will remove all products and materials they have installed and will remove said products and materials from the Exhibition Centre. Event spaces must be completely emptied by the date specified in the "Technical Rules and Regulations and Additional Forms". The Exhibitor is required to hand back the Event space in the same condition in which it was received.

During all phases of the Event, it is forbidden to leave waste and/or waste materials in the Exhibition areas and in the Exhibition Centre. Waste and materials left over from set-up work shall be disposed of by the Exhibitor and/or its appointed agents, and hall aisles must be kept clear of any such materials or other obstructions.

As provided for by the laws regarding environmental protection, Exhibitors are obliged to declare how they intend to treat said waste by mandatory completion of the Exhibition forms. Failure to comply with dismantling times and/or delays in clearing the area grants BolognaFiere the Exhibitor's irrevocable permission to attend to such matters, considering anything left in the booth to be waste bound for landfill sites, while the Exhibitor shall be required to reimburse all direct and indirect expenses incurred for the clear-up work, currently starting at a minimum of Euro 700.00 per 16 sq.m. of surface area, without prejudice to the right to claim compensation for any additional loss.

The participant expressly authorises the Organizer to check that there are no products or materials other than those installed on the stand in the Exhibitor's and/or its representatives' vehicle or baggage leaving the Exhibition Centre, and further authorises the Organizer not to allow any products and materials not installed in the stand to leave the Exhibition Centre. The Organizer and BolognaFiere may not be held responsible for goods, materials or anything else left unattended by the Exhibitor in the Exhibition Centre.

ART. 10 – ACCESS TO THE EVENT

The Event is open every day to visitors, provided with the required entry document, according to the timetable that the Organizer reserves the right to establish and modify, also during the course of the Event.

In order to allow free entry for the Exhibitors and their staff to the Fair, the Organizer will arrange a special entry pass whose regulation is provided for in the "Technical Rules and Regulations and Additional Forms", the use of which implies acceptance of this Regulation.

The Exhibitor is in any case responsible, to all intents and purposes, for the behaviour of those to whom it provides entry passes, as well as for the behaviour of its employees, auxiliaries, collaborators and appointed companies, in carrying out the duties assigned to them.

It is absolutely forbidden for anyone to promote offers or donations for recognized institutions, such as political, religious or partisan propaganda or in any case to carry out activities not related to the purposes of the Event inside the Exhibition Centre.

It is understood that the methods of access, technical provisions, set-up and dismantling of stands and, in general, the execution of the Event, may be subject to changes and/or revisions as a result of regulatory provisions that may intervene.

ART. 11 – EXHIBITORS LIST

The Organizer will, without any responsibility, prepare an online and/or printed Exhibitors list, which will be published by the Event opening. This publication will include indications regarding applications received and accepted up to 30 days before the beginning of the Event, and will contain data provided by the Exhibitor through a dedicated form; if the Exhibitor fails to complete this form, the data will be taken from "the application form". The publication of this above mentioned data and information is free of charge.

The Exhibitor may add, on payment of a surcharge – and approved by the Organizer with regards to product breakdown – additional technical or advertising information, to be agreed.

ART. 12 – SECURITY AGAINST THEFT – LIABILITY FOR THEFT AND DAMAGES – EXEMPTION FROM LIABILITY FOR A151 SRL AND BOLOGNAFIERE – INDEMNITY CLAUSE

The Exhibitors must monitor their own stands either directly or by means of their own staff, during the entire Exhibition period. The Exhibitor is required to supervise his stand and Exhibition area with his own personnel during the entire Exhibition period. Exhibitors are the only supervisor of all materials, goods, and furniture at their stand and Exhibition area during the entire Event period (including set-up and disassembly). As supervisors of their stand and Exhibition area, Exhibitors are required to compensate A151 Srl and BolognaFiere – substantively and legally – against all losses, damage, liability, costs or expenses, including legal fees, deriving from the Exhibitor's use of their stand and assigned Exhibition area. BolognaFiere provides a general day and night surveillance service inside the Exhibition Centre for the entire duration of the Event, as well as for stand set-up and dismantling periods, and therefore, may not – along with the Organizer – be held responsible for theft and/or damage that may be sustained by the Exhibitor. The Exhibitor shall also be responsible towards A151 Srl and BolognaFiere for all damage, be it direct or indirect, which for any reason is attributable to said Exhibitor or to the staff working for them (including damage caused by furnishings or by systems set up either directly or by third parties engaged by them, even if they have been inspected by BolognaFiere).

ART. 13 – INSURANCE - RELEASE, ASSUMPTION AND LIMITATIONS OF LIABILITY

The Exhibitor shall benefit from the following insurance policies taken out by BolognaFiere and agreed with the Organizer:

- A) All Risks coverage (including fire and theft) for direct physical damage to furniture, fittings, equipment and goods on the stand, excluding cash, valuables, jewellery and the like, and excluding the software installed on computers and excluding any coverage for loss of use of furniture, fittings, equipment and goods during the Event period: Euro 40.000,00 full first loss coverage (including fire and theft), with absolute excess of Euro 300.00 per claim, increased to Euro 600.00 for damages sustained after conclusion of the Event;
- B) Third party Liability coverage, including fire damage: single limit Euro 50.000.000,00;
- C) Exhibitor Employees Liability coverage: single limit per claim of Euro 3.000.000,00 with limit of Euro 2.000.000,00 per person;
- D) The Exhibitor and BolognaFiere waive the right to claims made against the Event's insurance company. The above listed insurance policies are governed by the conditions and limitations which the Exhibitor may request from the Organizer. The

summary of the contract conditions is available in the insurance office located in the Service Centre of the Exhibition Centre. These insurance policies do not release the Exhibitor from liability in respect of risks which, according to the independent assessment of the Exhibitors, are not covered, or which exceed the limits of coverage, as set out above.

Exhibitors must take out such supplementary coverage as deemed appropriate by them, also by contacting the broker directly (AON SpA, tel. +39 051 04071, e-mail: info.fiera@aon.it). In particular, and due to the existence of a video surveillance system in the halls, the Exhibitor acknowledges the fact that, in the case of theft, the relative report to the Public Authority must be received by the insurer by e-mail (sinistri.fiera@aon.it) within seven days from the conclusion of the event, and that failure to comply with this deadline may result in the loss of the right to compensation. The Insurance Company will also handle claims and settlements at the end of the Event. In any event, the Exhibitor hereby undertakes to include a clause in the supplementary insurance coverage in which the insurer waives any action of recourse or redress against the Exhibitor and BolognaFiere and, in default, shall indemnify them from any action that may be brought against them. Having noted the above, the Exhibitor nevertheless (on their own account, as well as for their agents, employees or assistants) expressly exempts both the Organizer and BolognaFiere from any liability for loss or damage that should occur in the Exhibition area, during the installation or dismantling of the area assigned to the Exhibitor, and in respect of anything located therein, accepting sole liability for any damage caused to third parties by the management of the Exhibition area or by anything therein, and which is not covered in the terms or manner indicated above or by additional insurance cover taken out by the Exhibitor. The Organizer and BolognaFiere will accept no liability for consequential damages, damage to image, loss of revenues, etc... As regards direct damages, the Exhibitor accepts that the liability of the Organizer and BolognaFiere is limited to the insurance limits as stated above.

ART. 14 – COMPLAINTS

Any complaints regarding the organization and production of the Event must be immediately reported to the Organizer in writing, and, in all cases, no later than seven days after the conclusion of the Event. Any complaints received after such deadline will not be deemed subject to dispute by the Organizer.

ART. 15 – INTELLECTUAL PROPERTY

Both the products and goods displayed and the stands housing them cannot be photographed, drawn or reproduced in any way without the authorisation of the respective Exhibitors and the Organizer. The Organizer and BolognaFiere nevertheless reserve the right to film, reproduce, distribute and to authorise the filming, reproduction and distributing of general and detailed external and internal views, and may permit their sale or even sell them directly.

ART. 16 – TEMPORARY IMPORTATION

The temporary import of foreign merchandise or goods (such as samples) for display at the Event must take place - at the Exhibitor's expense - through BolognaFiere's official carrier according to the procedures set out in the "Technical Regulations and Additional Forms", with exemption of all liability for such official carrier, also with regards to BolognaFiere and the Organizer.

ART. 17 – DISPLAY OF PREFABRICATED STRUCTURES, CRANES, SCAFFOLDING, ETC. AND DISPLAY OF MACHINERY IN OPERATION

The Exhibitor also pledges to scrupulously observe BolognaFiere's instructions during the entire stay on the Bologna Fairgrounds regarding the display of prefabricated structures, tower cranes, self-erecting cranes and other similar cranes, scaffolding, temporary reinforcement and scaffolding in general, in addition to fully and strictly observing all regulations in terms of safety, legislation, standards, good practices, as well as those based on experience and prudence. Machines on

display may not be operated unless written permission has been received from the Operations Division of BolognaFiere, and provided such operation does not cause danger or disturbance. In this case, machines must be equipped with devices to prevent accidents, noise, unpleasant odours, and the emission of gas and liquids. Machines with internal combustion engines, or requiring the use of fuels or gas cylinders, may not be operated in the halls. All machines must comply with safety laws, regulations, and standards of good practice, and must be accompanied by the administrative documents issued by the competent authorities. The Exhibitor will assume all civil and criminal liability for any injuries and/or damage to third parties caused by the non-observance and violation of such regulations and/or instructions. BolognaFiere has the right to remove, or have removed from the Exhibition Centre, any structures that do not conform to the provisions referred to above.

ART. 18 – TECHNICAL SERVICES

BolognaFiere will supply the Exhibitor with electrical energy for lighting and power, connection to the water mains, and compressed air, at the Exhibitor's request, and in accordance with the terms of the "Technical Rules and Regulations and Additional Forms". BolognaFiere also reserves the right to supply, or to outsource or grant on an exclusive basis, any service it deems useful for Exhibitors, defining the methods of use for the same. Specifically:

- connections and disconnections between the electrical installation or water system set up by the Exhibitors and the junction box and water supply points, respectively, may be carried out only by the firms authorised to do so by BolognaFiere; such companies will verify compliance with the instructions contained in the "Technical Regulations and Additional Forms";
- Stand cleaning shall be carried out by BolognaFiere, from the last day of the furnishing period and for the entire period of the Event;
- Telephone equipment may be connected and disconnected only by the company authorised by BolognaFiere;
- Exhibitors must use exclusively BolognaFiere's official courier for all haulage, transport, loading and unloading operations;
- Access to the halls is permitted only to electric vehicles.

The Exhibitor understands that the "services" (either managed directly by BolognaFiere or outsourced or granted on an exclusive basis) ensure good performance under conditions of normal use of such services, and in all cases exempts BolognaFiere, the contractors, and providers of such services from any and all liability due to any irregularity in the performance of such services.

ART. 19 – PAID ADVERTISING

Any and all forms of publicity or advertising outside the assigned Exhibition area, must be carried out through the Organizer or through the companies appointed for this purpose by BolognaFiere. Such advertising will be subject to the payment of a fee and associated tax charges.

ART. 20 – CAR PARKS

For safety reasons, the Exhibitor parking areas will be accessible only for private cars with a badge issued by the Organizer (therefore excluding all other vehicles such as commercial vehicles, trucks, etc. ...), with parking permitted only in the appropriate spaces and only during the opening hours of the Exhibition Centre. Commercial vehicles and trucks of any kind must not, for any reason, stop inside the Exhibition Centre, even for short periods. It is also strictly forbidden to unload goods from cars outside the permitted spaces and after the closing time of the Exhibition Centre.

In the event of failure to comply with these provisions, the Organizer and BolognaFiere may take steps to obtain the forced removal of the vehicle from the car park or for the affixing of mechanical means inhibiting its use, at the risk and expense of the Exhibitor to whom the badge has been issued, and the owner of the vehicle, who shall remain jointly and severally liable with the Exhibitor for the relevant expenses. The Organizer and BolognaFiere

reserve the right to not admit Exhibitors or their representatives who have not respected the regulations described above to the next edition of the event. All occupants of vehicles must have a valid ID document for admission to the Exhibition Centre.

Car parks are unattended and, therefore, the Organizer and BolognaFiere may not be held responsible for the security of vehicles and will accept no liability for damage or theft of any kind.

ART. 21 – SPECIAL PROHIBITIONS

It is expressly forbidden for Exhibitors to:

- carry out sales involving on-the-spot delivery of goods to buyers, except for the sectors for which the Organizer allows it;
- give up or exchange in total or part of their stands;

- display products that do not belong to the marketing designation of the exhibition space as it appears on the Exhibitor's application;

- use own forklifts and lifting devices in the Exhibition Centre;
- use, for any purpose whatsoever, remote controlled devices including drones, in the Exhibition Centre (APR). Exceptions must be requested from the Operations Division of BolognaFiere, which reserves the right to evaluate, within the scope of the provisions of current legislation, the possibility of use in accordance with methods and procedures to be agreed;
- perform shows or any kind of entertainment, including live or recorded music, even if within the stand area, or aimed at presenting products, without prior authorisation from the Organizer and Operations Division of BolognaFiere. Moreover, it is the exclusive responsibility of the Exhibitor to obtain authorisations from health and public safety authorities and, in general, from the bodies in charge, for the above mentioned initiatives, if and as requested;
- to broadcast live or recorded music through the use of devices for the reproduction of music and sound. Exceptions may be authorised in writing only by BolognaFiere, on condition that the Exhibitor does not cause any disturbance and has complied with the legal obligations for payment of the relevant taxes;
- carry out any form of unfair competition between or among participants in the Event. The Exhibitor therefore accepts all the initiatives that BolognaFiere may undertake to ensure the immediate cessation of any possible forms of unfair competition or to protect and safeguard other Exhibitors and BolognaFiere itself, to ensure correct execution of the Event.

The technical prohibitions issued for reasons of safety, health, pollution in general, for persons and property, and to prevent tampering with the property and assets of the Exhibition Centre, as well as the instructions contained in the "Technical Regulations and Additional Forms" are an integral part of these General Terms and Conditions, and the Exhibitor undertakes to observe them scrupulously. Exceptions may be issued, in writing only, by the Operations Division of BolognaFiere. In the event of disregard of even one of the prohibitions specified above, or of those referred to in this Article, BolognaFiere may apply the sanctions provided in the "Technical Regulations and Additional Forms" and/or terminate the contract for participation in the Event without recourse to legal action, but simply by means of written notice to the Exhibitor at his stand. This will entail the immediate closing of the stand and withdrawal of documents to access the Exhibition Centre, without prejudice to the sums due from the Exhibitor.

ART. 22 – POSTPONEMENT, REDUCTION OR SUSPENSION OF THE EVENT

The Organizer has the discretionary and unquestionable right to make changes to the dates of the Event, without the Exhibitor having the right to withdraw or otherwise terminate the contract and free himself from the commitments undertaken. The Organizer may also reduce the duration of the Event, cancel it in whole or in part, without being required to pay compensation, penalties or damages. In this case, the Organizer must inform Exhibitors with regards to the changes implemented, by written communication (registered letter), to be sent at least 15 days before the Event opening.

ART. 23 – FORCE MAJEURE

Force majeure is defined as the occurrence of any event or circumstance ("Event of Force Majeure") that prevents the fulfilment of one or more contractual obligations, if and to the extent it is demonstrated:

- a) that the occurrence is beyond the parties' reasonable control; and
- b) that it could not reasonably have been foreseen at the time the contract was stipulated; and
- c) that the effects of the occurrence could not reasonably have been avoided or overcome.

Unless proven otherwise, the conditions referred to in points a) and b) above are considered satisfied in the presence of the following occurrences: war (declared or not), invasions, actions by foreign enemies, large-scale military mobilisation in Italy or internationally; civil war, uprisings, rebellions and/or revolutions, insurrections, acts of terrorism, sabotage or piracy; embargoes; need to obey any government law or order, expropriation, requisition, nationalisation; plagues, epidemics, natural disasters or extreme natural events in general; explosions, fires, destruction of equipment, prolonged interruption of transport and/or transportation, of telecommunications, of the IT system or of the energy network; boycotts, strikes and lockouts, occupation of facilities.

If any Event of Force Majeure should occur, Organizers will be relieved of its obligation to fulfil its contractual obligations and released from any liability for damages or any remedy for breach of contract starting from the moment in which the Event prevents such fulfilment, provided Organizers gives the other party prompt notice of such circumstance. If prompt notice is not given, Organizers will be relieved of its obligation and released from liability when the other party has received such notice; the other party may suspend fulfilment of its obligations starting on the date of such notice.

If the Fair must be postponed due to an Event of Force Majeure, Organizers will retain the amounts already received (i.e., registration fee and other down payments, if any), which the Exhibitor may use – without any guarantee regarding rate changes – to participate in the Fair on the new dates.

If the Fair must be cancelled due to an Event of Force Majeure, Organizers, after fulfilling its commitments to third parties and covering organizing expenses incurred for any reason, will divide the remaining amount among the Exhibitors in proportion to the payments each Exhibitor has made, and in such case no Exhibitor will have the right to seek any damages against Organizers on any grounds or for any reason.

If any Event of Force Majeure should occur, the Exhibitor will be relieved of its obligation to fulfil its contractual obligations and of any liability for damages or any remedy for breach of contract starting from the moment in which the Event prevents such fulfilment, provided the Exhibitor gives prompt and documented notice to Organizers. If prompt notice is not given, the Exhibitor will be relieved of its obligation and released from liability when Organizers has received such notice; Organizers may suspend fulfilment of its obligations starting on the date of such notice. If it is impossible for the Exhibitor to attend the Fair due to an Event of Force Majeure, Organizers will retain the amounts already received (i.e., registration fee and other down payments, if any), which the Exhibitor may use – without any

guarantee regarding rate changes – to participate in a subsequent edition of the Fair.

It is hereby specified that if an Event of Force Majeure should occur, the deadlines for the notice required by Art. 22 "Postponement, reduction or suspension of the Event" will not be applied.

ART. 24 – GENERAL PROVISIONS – APPLICABLE LEGISLATION – ITALIAN JURISDICTION AND COMPETENT COURT OF LAW

The Exhibitor is obliged to comply with the requirements that the Public Safety Authorities and those in charge of fire prevention, accident prevention and surveillance of premises open to the public should issue towards BolognaFiere. The staff of the Exhibitor and third parties operating in the Exhibition Centre on its behalf must have a regular employment, subordinate or self-employed relationship, meeting the requirements of current laws (social security, insurance, tax, etc.). The Exhibitor accepts Italian jurisdiction and no other, and acknowledges as competent the law court of Milan-Italy. Relations between the Organizer, BolognaFiere, the Exhibitor and any third parties are governed solely by Italian law.
